Subject: Beaumont/Port Arthur Command Post Needs
Date: Saturday, September 2, 2017 2:04:16 PM

As we prepare to set up another branch/command post in Beaumont/Port Arthur, I wanted to make sure we had the resource needs in mind. I'm coordinating with the agencies on the ground to confirm that these needs will be relevant on Wednesday and moving forward, but for now, this is a good plan.

Mobile Command Post with power

Port A Potties

Bottled Water/Water source (currently no potable water in Beaumont/may be in adjacent systems)

Food Source— unsure of any retail/restaurants available to provide food

Security? (I'll confirm this)

Lodging (I've heard estimated 4 OSCs plus contractors (4 more? 8 more?) – This will be based on operational needs (currently looking at DW assessment, ERs, and RNA)

Boats – Very possible due to flood waters

The address of the USCG building is 2901 Turtle Creek Drive, Port Arthur, TX 77642. The CP will be in the Target/Central mall parking lot adjacent to the USCG building.
